LUXURY MARQUEE HIRE

---

# DRAMATIC BACKDROPS FOR WONDERFUL OCCASIONS

---

Welcome to our world of giant Tipis, spectacular Sailcloth Tents and stunning Stretch Tents. These breath-taking alternatives to standard marquees are perfect to hire for unforgettable weddings, landmark parties, and events that demand attention.

We know what it takes to create a magical space and our expert team will help you select the structure that's right for you, advising on everything you need to consider.

Our structures are blank canvases that can be styled with our rustic furniture and furnishings. We also have a directory of fabulous, recommended suppliers on our website to help you with any alternative styling, catering, entertainment, and facilities you require.

Visit [www.eventsundercanvas.co.uk](http://www.eventsundercanvas.co.uk) for inspiration, information and our full range of tents and furnishings.

# CREATE A UNIQUE SPACE FOR ANY EVENT

"The tipis were an absolute showstopper"  
AMY & AKMOL – BRIDE AND GROOM

# INTRODUCING OUR TIPIS

---

These beautiful structures blend perfectly with their surroundings due to their tan canvas and wooden pole frame.

Glorious and flexible, our Tipis cater for any size and type of event. The ability to raise the sides makes it possible to link single Tipis to each other, creating a single, larger space. All manner of configurations are possible, and there's no limit to the number of Tipis that can be linked. Whether you're having an intimate party for 25, a wedding for 100, or a corporate event for 500 or more, there's a combination that works perfectly for you.

Tipis are versatile structures that can be adapted to suit most environments, terrains, and weather conditions. They can be used all year round, providing shade and shelter from the sun's rays, protecting against wind and rain showers, or offering warmth during chilly evenings. Our Tipis create a welcoming space, whatever the weather may bring. Our bespoke firepits can be used inside to add warmth and a real spectacle.

# INTRODUCING OUR SAILCLOTH TENTS

---

Translucent material gracefully creates a light-filled effect in the day,  
and glow at night.

These beautiful Sailcloth Tents are characterised by their high peaks, elegant fabric and wooden poles, reminiscent of classic sailing ships. They are the ultimate statement for any outdoor wedding or event for 50 to 500 seated guests. They ooze sophistication and romance, filtering light for dramatic effects, day or night. They come in two width sizes; 13.5m single pole, or 18m double pole (known as the Grand).

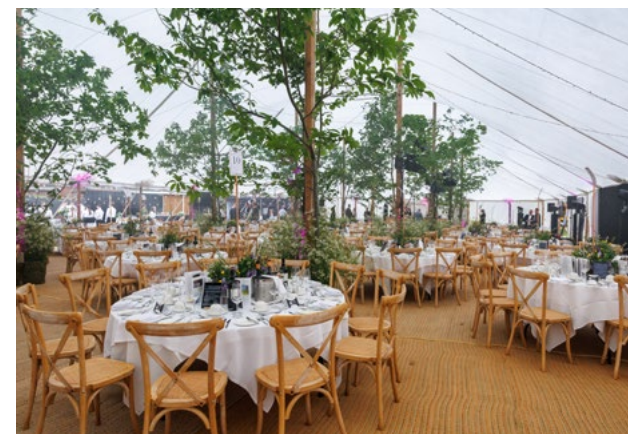

These versatile structures can be sized exactly to your guest numbers and needs. The sidewalls can be a combination of clear or solid white, and can be raised, removed, or dropped, creating a barrier or a window out, as you wish. Sailcloth Tents are perfect for all weather conditions and can be heated in colder weather for use all year.

# CREATE THE PERFECT CANOPY

"The stretch tent provided just the right setting, ambiance and focus for the event"

ULRIKA – EVENT ORGANISER

# INTRODUCING OUR STRETCH TENTS

---

Where style meets distinction

Transform your event with our iconic Stretch Tents, designed to provide both style and functionality. Ideal for finer weather with their open design, they create a perfect canopy that enhances the outdoor ambiance without compromising on elegance. A visually stunning solution, they truly elevate the overall experience.

These structures allow for custom configurations that leave a lasting impression on your guests, blending sophistication with practicality in a way that sets your occasion apart. Please note we don't recommend Stretch Tents for protection against harsher weather or colder temperatures. For unpredictable weather, our Sailcloth Tents or Tipis are more suitable options.

# EXPERTS AT WHAT WE DO

---

We launched in 2013, with a mission to create magnificent outside events under beautiful giant Tipis, stunning Stretch Tents and spectacular Sailcloth Tents, with impeccable service and attention to detail. Our team is the passion behind the weddings, parties and events we do.

Our planning team will help you choose the right marquee and configuration, as well as the furnishing and finishing touches that will bring your event to life. They will dot the i's and cross the t's, ensuring everything is in place before the building starts, leaving you to concentrate on all the other aspects of planning an event... and of course enjoy yourself!

Our build team are expert constructors who bring joy and anticipation to your event the moment they turn up on site. Meticulous planners and

communicators, they will hold your hand the whole way and ensure everything runs as planned.

We choose to operate in a highly customer-focused, transparent, and innovative manner. Our constant drive to delight ensures our corporate customers return every year, and our private clients often come via recommendations.

We fully understand our responsibility to protect the environment and details of our sustainable business practices are on our website

So, when normal is not for you, and ordinary does not feature in your vocabulary, turn to us to create something a little bit more extraordinary.

# FAQS

## IT'S ALWAYS BETTER TO ASK!

We are experts at what we do and can help with most questions.

Here are some frequently asked questions. More can be found on our website.

### Q. Why are your marquees classed as 'luxury'?

A. Standard marquees have metal frames. Our marquees have no metal work inside and look breath-taking both inside and out due to the wooden support poles that create the frames. You will never get the same "wow" reaction with a standard marquee!

### Q. How do I decide the size of structure I need for my event?

A. Use the Instant Quote button on our website to build your own quote, or talk to us via email or phone. We will be able to advise on the best size and structure for you, and we'll also visit to assess your site with our no-obligation site visit. We also have some guidance on our website about suggested floor plans and layouts.

### Q. What if it's raining or windy? Are your tents watertight?

A. Yes, all our tents are watertight and will provide protection from the elements. Our Stretch Tents will keep you dry if it is raining, although in windy and wet conditions there is less protection due to the open nature of this structure. If you have any concerns with the conditions on the day, you can always talk to us.

### Q. Can I have a winter event using your luxury marquees?

A. Yes, you can. Both the Tipis and Sailcloth Tents are ideal structures as they can be closed and heated discreetly by external heaters. You can even have wooden doors on the front of your tipi to keep the cold out. Please note that Stretch Tents are not suited to poor or cold weather.

### Q. What happens if I need power or toilets?

A. We work with subcontractors to ensure you have the right power for your event. Talk to us about what you need, and we will find the right generators or experts who can advise you. When it comes to facilities such as toilets, we don't supply these, but we do have a list of recommended suppliers.

### Q. What about insurance? Who is liable if the tents get damaged?

A. Don't worry, damage is exceedingly rare. However, once we have set up our equipment you are responsible for it for the duration of the hire and the cost of any damage. You can opt to take our damage waiver at 2% of the rental cost, which would remove this liability for any damage except for an excess of £500. If you do not opt for the damage waiver, we strongly recommend you taking out your own insurance.
